# STATE OF UTAH

## DIVISION OF FACILITIES CONSTRUCTION AND MANAGEMENT

**The State of Utah Division of Facilities Construction and Management is responsible for over 200 buildings.**

**By Standardizing on TAC equipment, the State is saving money by integrating all DFCM managed buildings into a simple, easy to use network.**

Utah-Yamas Controls currently provides nearly 75% of the Access Control, Video Surveillance and Security Systems for the State of Utah Division of Facilities Construction and Management.

One of the preferred systems for Access Control and Energy Management is the I-Net Seven Product from TAC.

With the benefit of a State Purchasing Contract for TAC products, DFCM facility managers can purchase equipment and labor at pre-negotiated pricing for additions, service and maintenance.

A partial listing of some of the Access Control and CCTV projects completed for the State of Utah include:

- State Capitol Complex
- Calvin Rampton Complex
- Heber Wells Building
- Work Force Services (6 locations)
- Department of Agriculture
- Cannon Health Building
- State Tax Commission
- Environmental Quality
- Medical Examiners Office
- Human Services (4 locations)
- Ogden Regional Center
- Ogden Courts Building
- Logan Courts Building
- Matheson Courts Complex
- Orem Courts Building
- Vernal Courts Building
- Sandy Courts Building
- St George Courts Facility
- Provo Regional Center
